MEMORANDUM FOR DISTRIBUTION

Subj: COST REDUCTION INITIATIVES WEB PAGE

1. My staff has developed a WEB page which identifies over \$2.5 Billion in funding sources for developing and implementing concepts that can lead to a reduction in Navy total ownership costs. This page is an easy to use tool intended to help those who have ideas on how to reduce Navy total ownership costs to quickly identify funding sources and the program requirements to access those sources. The tool can be accessed at:  
"http://www.n4.hq.navy.mil/funding-sources.html" or directly on our N4 Web page.

2. Request your assistance in getting out the word on this new source of information. I believe you will find that it is a useful tool in your efforts to lower overall Navy costs.

  
PAUL R. CATALDO  
Deputy Director  
Supportability, Maintenance  
and Modernization Division
